

GRI INDEXING AND SUSTAINABILITY REPORTING SERVICES

By placing an even greater emphasis on the **concept of materiality**, G4 will encourage reporting organisations to provide only **disclosures and indicators** that are material to their business, on the basis of a **dialogue with their stakeholders.**

ENGAGEMENT

HOW IMS CONSULTING CAN HELP

IMS Consulting can provide:

SUSTAINABILITY AND CORPORATE RESPONSIBILITY REPORTING

Production and design of strategic, focused and credible sustainability reports, indexed against GRI guidelines.

UNLOCKING
SUSTAINABLE
POTENTIAL

IMS Consulting can provide:

ONLINE PLATFORMS FOR STAKEHOLDER ENGAGEMENT

Two-way dialogue with stakeholders, using the **StakeholderTALK™** online toolkit, to help establish the economic, environmental, and social impacts that matter most.

UNLOCKING
SUSTAINABLE
POTENTIAL

IMS Consulting can provide:

MATERIALITY ANALYSIS AND BENCHMARKING

A systematic, documented and replicable approach to understanding which topics are most significant.

UNLOCKING
SUSTAINABLE
POTENTIAL

COMMUNICATION

STRATEGY

WHO WE WORK WITH:

IMS Consulting specialises in providing expert **advice** and **guidance** to help organisations unlock their **sustainable potential**.

We work with clients to help them **engage** effectively with stakeholders to understand what sustainability means to them. We then use outcomes from this engagement to inform **sustainability strategies**, and **communicate** these strategies to their key **stakeholders**.
